Introduction

About this policy

Your Rural Material Damage Policy consists of:

- (a) this policy wording,
- (b) the **schedule**,
- (c) any endorsements that **we** apply.

Reading this policy

The headings in this policy wording are for reference only and must not be used when interpreting the policy wording.

The examples and comments, which are in *italics*, have been included to make parts of this policy wording easier to understand. They do not affect or limit the meaning of the section they refer to.

If a word is shown in **bold**, it has a specific meaning. There is a list of these words and what they mean at the end of this policy wording.

It is important to read this policy in full to understand what it means and how it operates.

1. INSURANCE AGREEMENT

1.1 Our agreement

You agree to pay **us** the premium and comply with this policy.

In exchange, and in reliance on the **application**, **we** agree to insure **you** as set out in this policy.

2. WHAT YOU ARE COVERED FOR

You are insured for sudden and **accidental loss** to **insured property** during the **period of insurance**.

3. AUTOMATIC EXTENSIONS

In addition to the cover under 2. 'What you are covered for', **we** also provide the following Automatic extensions.

Unless expressly stated otherwise, any amounts payable under these Automatic extensions are included within 7. 'What we will pay – 7.1 Maximum amount payable'. They are not additional.

If **you** have the below covers under any other section of this policy or under any other policy with **us**, the most **we** will pay in total for any **event** under all policies is the highest applicable limit.

- (a) temporary accommodation that is of a similar standard to the Residential unit,

Asbestos removal costs

Where asbestos is physically incorporated in a **building** that is **insured property** that suffers **loss** covered by this policy, **you** are covered for the necessary and reasonable demolition, clean up and disposal costs in connection with damaged asbestos where such costs are incurred as a direct result of the **loss** to the **building**.

The most **we** will pay for any **event** is the lesser of:

1. 5% of the **building** sum insured,
2. \$50,000.

There is no cover for any costs relating to any of the following:

We will pay the reasonable cost to repair or replace **insured property** based on current industry accepted building materials and construction methods.

7. WHAT WE WILL PAY

7.1 Maximum amount payable

(a) Buildings

The maximum amount payable for **buildings** where the provisions of 6.1 'Basis of settlement: Reinstatement' apply is as follows.

1. Reinstatement

For any **building** shown in the **schedule** as covered for 'reinstatement', the most **we** will pay for any **event** is the sum insured shown in the **schedule** for that **building**.

2. Reinstatement to floor area

For any **building** shown in the **schedule** as covered for 'reinstatement to floor area', either:

- (i) Where that **building** suffers **loss** caused by **natural disaster** covered by this policy, the most **we** will pay for any **event** is the sum insured shown in the **schedule** for that **building**.
- (ii) In all other cases where that **building** suffers **loss** covered by this policy, the most **we** will pay for any **event** is the cost **you** incur to reinstate that **building** to the same floor area and extent shown in the **schedule**, or the same number of cups shown in the **schedule** if the **building** is a dairy shed, notwithstanding that the cost may exceed the sum insured.

In all cases where the provisions of 6.1 'Basis of settlement: Reinstatement' do not apply, the most **we** will pay for a **building** for any **event** is the lesser of the indemnity value or the sum insured shown in the **schedule** for that **building**.

(b) Other assets

Where **other assets** suffer **loss** caused by **natural disaster** covered by this policy, the most **we** will pay for any **event** is the sum insured for **other assets** shown in the **schedule**.

In all other cases where **other assets** suffer **loss** covered by this policy, the most **we** will pay for any **event** is the sum insured for **other assets** shown in the **schedule** plus the lesser of:

The most **we** will pay for any other individually specified item of **insured property** in the **schedule** with a corresponding sum insured is that specified item's sum insured.

If the sum insured for **insured property** is more than an applicable Automatic or an Optional extension policy sub-limit then the most **we** will pay for that **insured property** is the applicable sub-limit.

If the sum insured for **insured property** is less than an applicable policy sub-limit then the most **we** will pay for that **insured property** is the sum insured shown in the **schedule**.

7.2 Excess

The excess shown in the **schedule** or referred to in this policy wording will be deducted from the amount payable for each **event** under this policy, subject to the following:

If the **insured property** that suffered the **loss**:

- (a) Is automatically covered under this policy during its repair or replacement, the amount reduced will be progressively added back to the sum insured at the rate that the **insured property** that suffered the **loss** is progressively repaired or replaced.
- (b) Is not automatically covered under this policy during its repair or replacement, the amount reduced will only be added back to the sum insured once the repair or replacement of the **insured property** that suffered the **loss** has been completed.

The sum insured will not be reinstated for any claim under 4.9 'Natural disaster' unless **we** have agreed to the reinstatement in writing. **We** may charge **you** additional premium for any reinstatement of the sum insured.

7.4 Sum insured adjustment on renewal for unrepaired items

The sum insured for any **insured property** that suffered **loss** in any previous **period of insurance** that has not been repaired or replaced at the start of the current **period of insurance** is the sum insured for that **insured property**, less the estimated cost of remedying the existing unrepaired or unreplaced **loss**.

The sum insured will only be reinstated to its pre-loss level as per the conditions outlined in 7.3 'Reinstatement of sum insured once repaired' above.
